The work included repairs to halls, classrooms, restrooms, etc. and remodeling of the lunchroom and constrction of a new library in the area of the burned out gym. Also included was converting the existing library into classrooms. The total cost of all this work was estimated by the architects at \$613,104. The school has \$224,354.84 in a state bond issue that is yet unused but earmarked for the Elba schools. It must be used for capital salaries or buy supplies.

I have noticed a number of political advertisements in newspapers and on candidates cards that don't comply with Alabama The Corrupt Practice law says any of these must contain a "Paid line" that clearly indicates who paid for the campaign literature. It must also contain at least a mailing address. Even though Attorney General Baxley's office recently called the Act vague and poorly-written, it still carries stiff penalities for candidates, printers those who stribute material which does not comply with the law. I know of no local case of anyone being hauled up for violating this law but there have been cases in other parts of Alabama.

Last year the legislature passed a bill sponsored by Repre sentative Jimmy Holley making certain fish baskets legal, in Pea River, once a permit was purchased. A number of basket fishermen have been reporting great success with their baskets recently. The catfish and to a lessor degree suckers have been flocking into the baskets onto the dining tables of the fishermen. A not so happy note is heard from some fishermen who decide each year that Spring is a good time to stretch a net across Pea River. Reports are that Conservation officers caught some of them and hauled them into Court.

I did something Monday night that was just non-professional The Elba City Council has been discussing for months the need of additional revenue, or cut in expenditures. Well at a special meeting Monday night to discuss a balanced budget, I became so emotional that I just left the meeting. If I hadn't left after hearing the same questions asked over and over for two hours. I probably would have said some things that would have justified them in actually throwing me out. As it turned out, I apparently didn't miss anything. In fact reports are that two other reporters also left and the "progress" of the meeting actually got worse - if that is possible. Now I don't know the answer to their problem because frankly I am not sure what some members of the Council want but I sure wish someone would give them some relief!

I must congratulate the local hospital board and Administrator Jim Nichols. Elba was and is in a crunch for medical doctors. These men got out and in a short time came up with additional doctors to take care of the medical needs of the area citizens. At present three doctors from Ft. Rucker are filling in to assure Coffee County citizens of proper medical attention. Yet these same folks are still going full steam ahead to find a permanent solution to the problem. I hear Dr. Kimmey is making almost as many telephone calls as Nichols in efforts to get doctors for Elba.

There are still more candidates qualifying for county offices. Still others indicate thay will sign on the dotted line prior to the March 19 deadline. It is becoming very interesting to watch (from the sidelines). Some candidates are taking the races in stride while others are showing traits of being personally offended that anyone would oppose them for an office. This varies as personalities of individuals vary but adds another angle to the races and makes it all "more funner"

A TALL ENOUGH PREACHER

FROM "CHRIST FOR THE WORLD"

Family Magazine - Feb. 1976

"Faith believes God's Word. Patience awaits God's time. Hope expects all that God has promised Love urges us to obey all of God's commands. Humility bows low before God's Throne. Submission shuts the mouth in trying times. Resignation cheerfully surrenders all to God's disposal."

GRACES OF A CHRISTIAN

A Steward came to the Presiding Elder and asked for a Preacher for their church. "How big a man do you want?" asked the Elder, "I do not care so much about his size," said the Steward "But I want him to be tall enough to reach Heaven when he is on his knees." (Baptist Bulletin Service) (Selected)

To Gain Another view

One of the best ways to brighten a dull room is to let in lots of sunlight and fresh air. A good view of the outdoors is an added attraction. An ideal way to get all three plus easy access to an outside deck or garden is to install a sliding glass patio door. Sliding patio doors with wood sash provide an un interrupted glass area which gives an expansive view of the outdoors. Wood sash units slide open easily for simple access to the outdoors. There's no need to sacrifice comfort to get convenience when choosing a sliding glass patio door. The wood sash s a natural insulator heat robbing air infiltration is

Ever watched 20 basketball games in only three (3) days? If you have, you know what I sat through last week while watching three (3) days of action at the State basketball tournament needed for the Dixie Youth in Tuscaloosa. I saw all 32 teams play, and I jotted down a few League, and one (1) coach is notes in between the games. Following are a few of my ob-

Athens Bible School, the Class A champions, looked like a chapter out of "American Graffiti." The players all wore kneelength short pants, and full-sleeved jersies (regular shortsleeved shirts). The Athens cheerleaders followed in true "1930" fashion by wearing skirts which went at least two inches over their knees. I talked with an Athens fan during their win over Rebecca Comer, and he told me that the Athens coach received Rebecca Comer, and he told me that the Athens coach received Rebecca Comer, and he told me that the Athens coach received Rebecca Comer in the DYL and Babe Ruth seasons are still several weeks off, but coaches are needed immediately so the leagues can begin signing players.

Montevallo failed to win their third straight 2A championship, but they did finish second. The Bulldogs are coached by Richard Gilliam, but not by his own choice. School officials couldn't find a basketball coach to replace Gary Fleming, who resigned prior to the school year, and Gilliam, who is the head football coach, was forced to coach! He really did a great job and deserves a great amount of credit!

Colbert Heights, the Class 2A champion, is coached by Bobby Ayers, a very emotional young man. Ayers never sits on the bench, but instead, squats down just off the court. Many times during the tournament Ayers could be seen lying flat on his face, kicking his feet in happiness. Wherever you see Coach Ayers you also see his young son. Last year it seems that Ayers was constantly losing his temper and receiving technical fouls. This year Ayers decided to have his son with him on the bench during all the games so he wouldn't rant and rave. It must have worked, because Ayers' team went 28-6 and won the
